Dear Neighbor,

2020 has been a year like none of us remember. With the passing of Supreme Court Justice Ruth Bader Ginsburg, a champion for equality under the law, many of us grieve for the loss of a brilliant, thoughtful and honorable defender of justice. How will we remember and honor her legacy?

There is so much need to make sense of all that is going on, and how these events transform our lives. From healthcare to justice to equality, each of

these occurrences underscores a multitude of opportunities to re-envision our world as it can be.

Over the course of the past couple of months, the House has periodically been in the Capitol for an extra session called by the governor. The governor's call was narrowly tailored to address crime after it occurs. In order to prevent crime, we should also address gun violence by preventing guns from getting in the hands of those who should not have them and tackle the root causes of violence often brought on by other systemic problems, including: underserved communities having inadequate access to mental health services and education, job training and real opportunities to earn good wages.

We make change first and foremost, by exercising our right and responsibility to speak our mind by voting in the upcoming election. Wherever you stand on the issues, and for whomever you will vote, if you choose to vote before election day, request your ballot as soon as possible. They are being mailed out to those requesting them, starting today.

Please continue to take care of yourself and your family. I encourage you to follow the recommendations of wearing masks, practice social distancing and use good hygiene; especially hand washing.

Yours in Service,

Rich

The General Election will be here before we know it. I hope everyone will vote. Democracy is not something we should stand by and watch. If we do not participate in the democratic process, then democracy is not going to prosper.

November 3 ELECTION DAY. Polls are open from 6 a.m.-7 p.m. If you

are in line by 7 p.m., you can vote.

With all the controversy going on with the US Postal Service, it is recommended that everyone mail back their completed ballots early.

Two Amendments will be on the November 3rd Ballot.

Amendment 1 - Term Limits for Statewide Offices

[Proposed by 100th General Assembly \(First Regular Session\) SS SCS SJR 14 & 9](#)

Overview

Amendment 1 asks voters to impose a limit of two four-year terms, with partial terms of less than two years exempted, on the offices of lieutenant governor, secretary of state, state auditor and attorney general. Amendment 1 will appear on the Nov. 3 general election ballot.

Although only about a dozen people have served more than eight years in any of those offices throughout Missouri history, Amendment 1 supporters say it would create uniformity with the offices of governor and state treasurer, which have been subject to a two-term limit since the 1960s. Opponents say leaving it to voters to decide how long a particular person stays in office has worked well for a long time and there's no compelling reason to limit their choices.

Official Ballot Title:

Do you want to amend the Missouri Constitution to extend the two term restriction that currently applies to the Governor and Treasurer to the Lt. Governor, Secretary of State, Auditor and the Attorney General?

State and local governmental entities estimate no costs or savings from this proposal.

Fair Ballot Language:

A “yes” vote will amend the Missouri Constitution to impose a two term restriction on all statewide elected officials, which currently only applies to the Governor and Treasurer.

A “no” vote will leave the terms that statewide elected officials may serve unchanged.

If passed, this measure will have no impact on taxes.

[Amendment 3](#)

[Proposed by 100th General Assembly \(Second Regular Session\) SS3 SJR 38](#)

Second Court Declares Amendment 3 Language Unfair

For the second time, a Missouri court has declared ballot language crafted by the majority party in the legislature for a measure seeking to repeal the Clean Missouri redistricting reforms voters enacted in 2018 to be “insufficient and unfair” by ignoring any mention of the proposal’s main purpose.

The latest decision concerning the Amendment 3 ballot language, which will go before voters Nov. 3, came on Aug. 31 from a three-judge panel of the Missouri Court of Appeals Western District. The appellate court agreed with Cole County Circuit Judge Patricia Joyce that the original ballot language needed to be rewritten but differed as to how it should be reworded. Joyce struck down the original language on Aug. 17.

Although the measure’s primary purpose is to repeal the new redistricting procedures, the ballot language the majority party drafted

into SJR 38 made no mention of it. Both the Western District and Judge Joyce that omission would mislead voters as to Amendment 3's impact.

The new ballot language ordered by the Western District provides greater detail than Joyce's version on the proposed redistricting changes, as well of making different wording choices regarding other provisions.

The new redistricting system is slated to be used for the first time during next year's redistricting cycle.

Official Ballot Title As it Stands Now:

Shall the Missouri Constitution be amended to:

Ban gifts from paid lobbyists to legislators and their employees;

Change the redistricting process voters approved in 2018 by: (i) transferring responsibility for drawing state legislative districts from the Nonpartisan State Demographer to Governor-appointed bipartisan commissions; (ii) modifying and reordering the redistricting criteria.

State governmental entities expect no cost or savings. Individual local governmental entities expect significant decreased revenues of a total unknown amount.

Fair Ballot Language:

A "yes" vote will amend the Missouri Constitution to reduce the limits on campaign contributions that candidates for state senator can accept from individuals or entities by \$100 per election. There is no change for candidates for state representative.

The amendment prohibits state legislators and their employees from accepting a gift of any value (which is currently \$5) from paid lobbyists or the lobbyists' clients.

The amendment modifies the criteria for redrawing legislative districts and changes the process for redrawing state legislative district boundaries during redistricting by giving redistricting responsibility to a bipartisan commission, renames them, and increases membership to 20 by adding four commissioners appointed by the Governor from nominations by the two major political party's state committees.

A “no” vote will not amend the Missouri Constitution regarding campaign contributions, lobbyist gifts, and the process and criteria for redistricting.

If passed, this measure will have no impact on taxes.

Real ID Update

[Real ID compliant drivers and nondrivers licenses](#) are now available with proper [documentation](#). Please note that the Federal government requires a copy of this documentation to be kept for several years. You can go to the DMV and request a replacement for your current license with the Real ID for a \$5 processing fee. If you renew your license at the time of the request you will be charged the renewal fee. You need a RealID compliant Identification Card to board an airplane and enter federal buildings; Missouri issued Identification Cards (including drivers' licenses) will be accepted in lieu of Real ID until October 1, 2021. Some military bases require individuals to present a Real ID. For more information about RealID, go to dor.mo.gov/drivers/real-id-information/.

According to the federal Real ID Act, states must retain paper copies of source documents for a minimum of 7 years, and images/microfiche of source documents for at least 10 years, after which point they are to be irretrievably destroyed. Missouri statute complies with this requirement and permits the Department of Revenue to keep these documents within a system not connected to the internet or accessible by any other state or the federal government.

When you get a Real ID, please note that the state is required to keep a digital copy of your data for ten years. If you are using a document with private information for identification, like a bank statement, I believe you can redact that information before they scan it.
